Patented 10th Sept., 1861.

OFFICE AND WORKS:

C. & P. R. R., NEAR WOODLAND AVE.,
Cleveland, Ohio.

All Hames offered by this Company are made from Extra Second Growth Timber.

These Hames are carefully finished by hand and are intended to be the best goods that can be made.

A pin is made solid on a loop and fits into the holes in the back of the Hame, so that when the strap is put through the loop, the pin holds the loop firmly in its place. But when the Strap is unloosed, the pin may be withdrawn, and the Hame easily adjusted to any length of collar. A much NEATER CONNECTION is thus made than when the strap passes around the Hame as in the Old Style. *The Strap lies flat upon the top of the Collar, instead of standing edgewise or twisting down.*

—1873.—

TO OUR PATRONS.

WE present our CLEVELAND CITY DIRECTORY for 1873 and 1874, which is our third annual publication, with a feeling of confidence, hardly experienced in connection with either of our former directories. As we predicted in our last issue, the opposition of foreign adventurers in the directory field of Cleveland has been entirely overcome, and we have been permitted to prosecute the canvass and work of preparation without the interference and annoyance of a competing canvass, and its consequent hurry and confusion; and while this has made the task of preparing such an intricate work less perplexing to ourselves, we are confident that it has operated to the advantage of our patrons, by improving the character of the work, at least in some degree. It is true, however, that there are many of our citizens who have not recovered from a prejudice derived from the directory contests of former years. Some of these have refused, while others have carelessly, even grudgingly given information, and thereby placed obstacles in the way of obtaining entirely satisfactory information. It has been our earnest endeavor to produce a work as nearly perfect as possible, of course not hoping to accomplish the impossible task of rendering it entirely free from errors. To what degree our efforts have succeeded must be determined from the work itself, which we submit, trusting it will receive the approval of our patrons. As a matter of record we will state that the work contains 38,742 names, by actual count, care being taken to avoid repetition, and to omit the names of corporations, firms, societies, etc., which if improperly included would swell the number to a great extent.

TRINITY CHURCH HOME FOR THE SICK AND FRIENDLESS.

Incorporated, 1856.

Since the organization of this excellent benevolent institution by Trinity Parish, it has had the good fortune to relieve and furnish comforts for a numerous class of suffering and needy, who were hitherto solely dependent on the cold hospitality of the world at large, or inadequately provided for by the public institutions of the city. It has been its office to seek out and relieve a class that was rarely reached by the ordinary provisions of our municipal bounty, and the manner in which its Christian work has been prosecuted attests that its affairs have been conducted by earnest workers. The recently organized board of managers and auxiliaries is composed as follows :

MANAGERS.

Rev. W. E. McLaren, President ; Ansel Roberts, Secretary ; O. A. Brooks, Treasurer ; R. P. Spalding, W. J. Boardman, Saml. L. Mather, Levi Buttles.

LADY VISITORS.

LINNDALE.

LINNDALE IS SITUATED ON THE CLEVELAND, COLUMBUS, CINCINNATI & INDIANAPOLIS, LAKE SHORE & MICHIGAN SOUTHERN, AND TUSCARAWAS VALLEY RAILROADS, FOUR AND ONE HALF MILES SOUTHWEST FROM THE COURTHOUSE, CLEVELAND, OHIO.

GREAT CARE HAS BEEN TAKEN AND MUCH TIME SPENT

in having Linndale laid out in a style which will not only satisfy the present occupants, and meet every requirement of those who desire pleasant, beautiful, even elegant homes, but those as well, who, in later years populate the same, when the opulence and ever increasing people of a prosperous country, crowd with mutual interests, into the business marts of this great commercial center; where homes in the suburbs, surrounded by

SPACIOUS LAWNS, CONVENIENT TO WIDE, WELL SHADED AVENUES AND DRIVE WAYS, and above all else blessed with pure air, will be considered the most desirable possession of city life.

As will be seen by our *miniature map*, on the opposite page, Linndale is regularly laid out

IN SQUARES OF FOUR HUNDRED FEET.

The avenues run parallel with the railroads, and are *eighty and one hundred feet in width*. Forty feet along the center of the avenues are devoted to a roadway, and the space upon either side, to a lawn twenty-four feet in width, which is shaded by two

rows of trees; the remaining six feet is occupied by a side-walk, to be flagged with *Berea stone*. The streets are fifty feet width, and are at right angles with the avenues, and shaded by one row of trees on each side. In the rear of all lots and alleys, twenty feet in width.

THE LOTS ARE FIFTY BY ONE HUNDRED AND NINETY FEET, AND FRONT ON THE AVENUES ONLY.

In early spring a large number of fruit trees of choice varieties, also evergreens of different kinds, will be transplanted on the lots most desirable.

A beautiful stream winds its way through the village, affording good water privilege.

Two of the best lines of railway in the State, (the C. C. C. & I., and the L. S. & W. S.) pass through Linndale, affording superior advantages for travel and shipping. The Lake Shore and Tuscarawas Valley Railroad also passes over the same line, the most important feature of which is, the

COAL OF A SUPERIOR QUALITY, AND AT THE LOWEST PRICE.

rolls into our town from mines a few miles away.

LINNDALE
CUYAHOGA C^o. O.
FOUR & ONE HALF MILES
FROM PUBLIC SQUARE
CLEVELAND, O.
OFFICE 236 SUPERIOR
STREET.
ROBT. LINN SUPT.

A number of the first manufacturing firms of the city, are now arranging their business to build upon this location, so admirably calculated to supply their wants.

The communications by the above named railroads, accessible to all points East, South and West, make shipping privileges almost equal to those afforded by the best points in the city, while plenty of room, obtained at a low price, more than compensates for the difference.

Besides these railroad facilities for getting to and from Linndale, a first-class line of hacks will run from the Public Square to Linndale, making the trip in forty-five minutes.

A RAILROAD WITH STEAM LOCOMOTIVES, TO

CONNECT WITH THE ROCKY

RIVER ROAD,

is now being surveyed, and will be completed as soon as possible after the right of way shall have been secured. By the middle of April, '73, we will be prepared to manufacture our own gas, when the avenues and houses of Linndale, will be lighted the same as those in the city, affording a privilege not usually enjoyed in the suburbs.

CHURCH LOTS,

on beautiful sites, will be given to all Christian denominations that will immediately erect churches thereon. To this department the proprietors of the town will give their special attention, regarding the moral and religious influences of a place its most important features.

Henceforth, Cleveland will derive nourishment from her own roots, and draw vitality from her own great resources.

We may as well try to dry up the waters in our bay, or sever the great iron arteries converging to this point, as to try to check her growth and prosperity.

The ores from Superior and from other points nearer to us, in quality scarcely inferior; the inexhaustible beds of coal buried at our own thresholds; building another stone of the finest quality, stored around us, ready to be exhumed, shaped and lifted into form;

OUR OIL AND LUMBER INTERESTS,

which have assumed incalculable proportions, our manufactories at large, and around all, a rich country, affording crops and fruits of all kinds in abundance, contribute in part to the material substance which insures to Cleveland a future prosperity and growth heretofore unknown.

Believing that Cleveland is yet in her infancy, and that her position guarantees to her the destiny of a great city, we have enlisted our fortunes in her behalf, and the energy of those who are engaged in the enterprise of building up a suburban village will not be lessened or diminished by the consciousness of Cleveland's brilliant prospects.

We call the attention of mechanics and laboring men to our superior facilities, and would urge them to embrace this opportunity of procuring good homes for themselves and families at small cost and on easy terms. We sell lots from \$7.50 to \$30 per foot, and give from two to eight years time. No lots are less than fifty by one hundred and ninety feet.

To those who are in easy circumstances and wish to build pleasant or elegant homes, special inducements are given and desirable locations offered.

To those who wish to invest largely, we will sell by the lot, block or acre.

Please notice our map of Linndale, on the opposite page.

Further information may be obtained at our office.

THE Travelers Insurance Comp'y,

OF HARTFORD, CONN.

CASH ASSETS, JAN. 1, - \$2,259,945.48.

GRANTS EVERYTHING DESIRABLE IN

LIFE OR ACCIDENT INSURANCE,

ON THE MOST FAVORABLE TERMS.

LIFE DEPARTMENT.

THE TRAVELERS INSURANCE Co. offers peculiar inducements to persons desiring Life Insurance, in its low rate of premium, its liberal and definite contract, its sensible, all-cash plan, its freedom from complications and mystery, and its economy and careful management.

ACCIDENT DEPARTMENT.

THE TRAVELERS INSURANCE Co. calls the attention of business men, professional men, and men of all trades and occupations (between the ages of 18 and 65) to the fact that it is the only company in America writing yearly or monthly policies of insurance against general accidents.

For Policies or Agencies apply to

HOMESTEADS FOR ALL, IN LINDDALE.—See Map.

The first settlement in Boston was made by a group of Puritan ministers and their families, who arrived in 1630. They were led by John Winthrop, who gave the famous "City upon a Hill" speech. The settlement was initially called "Boston" and was part of the Massachusetts Bay Colony. The city grew rapidly, becoming a major center of trade and commerce. It was also a center of religious and political activity. The city was the site of the Boston Tea Party in 1773, a key event in the American Revolution. The city was also the site of the Boston Massacre in 1770, another key event in the Revolution. The city was the site of the signing of the Declaration of Independence in 1776. The city was the site of the Battle of Bunker Hill in 1775. The city was the site of the capture of the city by the British in 1768. The city was the site of the capture of the city by the British in 1768.

GUIDE TO THE STREETS, AVENUES, AND ALLEYS.

EXPLANATION.

It will be noticed that in this Street Directory the names of the streets are set down in alphabetical order, enumerating all streets which cross the same in the order which they occur. The number on one corner has been given, so that a person wishing to find say No. 833 Superior street, on consulting the Street Directory, finds that it crosses Sterling av. at No. 829 and Waring street at 841, consequently the place he seeks is between the two streets, and but a few doors from Sterling av. Where no numbers are designated the corners are either vacant or built up with a church or a school.

ABBREVIATIONS.—N. for North; N. E. for North east; N. W. for North west; S. for South; S. E. for South east; S. W. for South west; E. for East; W. for West; sq. for square; av. for avenue; al. for alley; fr. for from.
